The Barricade Cart provides a safe, easy means of moving and storing up to 24 barricades at a time. Fabricated from heavy gauge steel this is a tough durable cart is designed to withstand heavy use. Extending arms will carry 12 barricades on each side. Side loading allows safe handling by not having to lift barricades more than a few inches/centimetres off the ground. Front steering wheels provide excellent maneuverability, locking rear wheels provide stability during loading and unloading.

► SPECIFICATIONS
